6 PLAYER ELIGIBILITY

- 6.1 Players must be fully registered before playing any League match. To do so they must be registered either:
- 6.1.1 By noon on the final working day prior to the day of the match, in order that they appear on the Umpires' list of registered players for the club. Such players must register online or be registered by a club official.
 - 6.1.2 Later than this but prior to playing. After the match the umpires must take with them the registration form which the player filled out, and check that all players who registered in this way did so correctly and have subsequently been added to the online database by noon on the second working day after the match.
- 6.2 All Players playing in a match should be able to identify themselves with a reasonable form of official identification, such as a credit card or driver's license. Such identifications must be shown to the umpires or one senior member of the opposition on request, and at any reasonable time before, during, or up until an hour after a match. A photocopy of such held by a club official can be shown if no other identification is available.
- 6.3 A Club in doubt of the validity of an opposition player's registration due to either the category of the player or the identity of the player, has 72 hours from the end of the match to officially complain to the Administration Officer. In the event of this happening the Administration Officer will do the following.
- 6.3.1 In the event of the Complainant being uncertain of the player's category, the Administration Officer shall notify the Club being questioned and require that they produce evidence to substantiate the player's inclusion on the team sheet under the category stated, and a reason as to why this was not available at the match.
 - 6.3.2 In the event of the Complainant being uncertain of the player's identity, the Administration Officer shall notify the Club being questioned and require that their Committee will vouch for the player's identity and give a reason as to why some identification was not available at the match.
 - 6.3.3 In either event the Administration Officer will require a response from the Club within 5 days from the request being issued.
 - 6.3.4 In the event of an unsatisfactory response, the Administration Officer shall report the matter to the League Committee for further investigation (see 6.4 and 6.5 below)
 - 6.3.5 In the event of a satisfactory response, the Administration Officer shall inform the Complainant that this has been given, and no further action will be taken, although they will have the right to take the matter further to the League Committee by writing after this.
- 6.4 In any case where player is proven to have purposefully participated in a game without identifying themselves by signing the team sheet, or by playing under a false name, or by playing in finals when not qualified:
- 6.4.1 The game result will be declared a forfeit and awarded to the opposition team
 - 6.4.2 A Club fine of £250, increasing by an additional £100 for any subsequent offence
 - 6.4.3 On 3rd offence in a Season, Club referred to League tribunal for further penalties
- 6.5 In any case where a Club is proven to have added a player to a team sheet when they are not present and have not participated in game (ie. for the purpose of qualifying players for finals):

7 PLAYER MOVEMENT

- 7.1 Players will only be allowed to play for Teams representing the Club for which they are registered, unless specifically excepted below.
- 7.2 Where a Division allows for players playing twice within a round, only the highest Division match played in will count for qualification purposes. This does not extend to finals where players will only be allowed to play one game in any given finals round.

- 7.3 All players of a Team having a bye will be required to observe the bye by not playing in that Round, according to the following:
- 7.3.1 This rule does not apply to finals.
 - 7.3.2 The players referred to will be those who were on the team sheet for the Team's previous match.
 - 7.3.3 An exception of up to three players will be allowed. These players may play in any Division, though must still be in line with all other Rules.
- 7.4 Unless the rules of the Division forbid it Players may be loaned between Teams of different Clubs with the following stipulations:
- 7.4.1 A Team may not consist of more than three loaned players unless specifically allowed for in the Divisional Rules. For the avoidance of doubt this means that there may not be four players on the Team from outside of the Club of the Team.
 - 7.4.2 The opposition must agree to the loan, in the manner as outlined in the Optional Changes section.
 - 7.4.3 Loaned Player should be added to the Team's Team Sheet as usual and clearly marked as being a loaned player.
 - 7.4.4 If the loaned Players are from the Club of the opposition Team, they may optionally also be added to the opposition Team Sheet - being the one of their own Club - and so are considered to be playing a qualifying match for the Round. However, at no time may this increase the number of qualifying players to a number greater than 24. Also, such a player who is added to the opposition Team Sheet is deemed in all regards to have played for the Team from his Club.
- 7.5 A player may transfer to a different Club by request and the transfer will be accepted and deemed finalised only once all of the following have occurred.
- 7.5.1 The Administration Officer has received confirmation from both the player and the receiving Club that they intend for the registration to take effect.
 - 7.5.2 The Administration Officer has notified the current Club of the request to Transfer, and that Club makes no complaint within 72 hours of financial liability to the Club being outstanding from the player.
 - 7.5.3 The Administration Officer is satisfied that the transfer is for legitimate reasons, and then notifies both Clubs concerned.

8 **FINALS ELIGIBILITY**

- 8.1 The League may disqualify any Team from any final if all overdue liabilities are not met prior to the Finals series.
- 8.2 A player who has transferred Clubs during the season will only be eligible to play for his current Club, and only matches played since the date of the transfer will count towards eligibility.
- 8.3 **The required number of matches to qualify for a team is:**
- 8.3.1 **Three for AUS Category players in Premiership Division**
 - 8.3.2 **Two for AUS Category players in Conference & Social Divisions**
 - 8.3.3 **Two for BRIT and ROW players in all Divisions**
- 8.4 The Divisions will be deemed to be ranked in the order they appear in the Schedule A, with the first detailed Division the highest ranking.
- 8.5 For each player there will be a Minimum Ranked Team for which they are eligible to play in finals. This will be the lowest ranked Team for which the player meets all of the following conditions:
- 8.5.1 The player must have played the required number of matches for the Team.
 - 8.5.2 The player must not have played more than 50% of the qualifying matches in a higher ranked Team.
- 8.6 A player may play in a Finals match for their Minimum Ranked Team or any team ranked above such Team.
- 8.6.1 A player may only play in a Finals match for a team below their Minimum Ranked Team if the higher Ranked Team that they are eligible for is participating in that Round of Finals, however they miss out on selection.

- 8.7 In cases where a player has played the total required matches for a Club, but not for a single Team within that Club, the player will be eligible to play Finals but only in the highest Division that they have represented the Club.

TEAM COMPOSITION, OPTIONAL CHANGES AND BENCH SIZES

- 9.1 Schedule A will define the parameters of the Division and the degree to which the parameters may be changed by the teams.
- 9.2 Changes to the timing or location of fixtures can be made in accordance with the following guidelines.
- 9.2.1 The Administration Officer must be informed of the desire to change the match by the home Club.
- 9.2.2 The Administration Officer will confirm that the change is acceptable to the Umpires.
- 9.2.3 The Administration Officer will ensure that the change is acceptable to the away Club.
- 9.2.4 The Administration Officer will ensure that the change is acceptable to the League.
- 9.2.5 Having been satisfied by all of the above, the Administration Officer will inform all three parties and the League Committee that the change has been made effective, and no reversal will be allowed unless it follows the same procedure above.
- 9.3 Optional Changes can be made to the following aspects of a match day, however each one must be specifically allowed for in the Divisional rules in Schedule A and are possibly subject to limitations.
- 9.3.1 The required number of players on the field in a match.
- 9.3.2 The required number of AUS, BRIT and ROW players on the field in a match.
- 9.3.3 The length of the quarters in the match.
- 9.3.4 The ability to allow a player to play if the player has already played in an official AFL London match for the Round.
- 9.3.5 The size of the bench.
- 9.4 Optional Changes can also be made to the following aspects of a match day and will not be specifically allowed for in the Divisional rules in Schedule A.
- 9.4.1 Players may be allowed to play twice in a round.
- 9.4.2 Players may be loaned from other Clubs, though only insofar as the rules allow under **PLAYER MOVEMENT**.
- 9.5 All Optional Changes require the agreement of both Teams, and apply to both teams.
- 9.6 Official Optional Changes a match can be made in accordance to the following guidelines.
- 9.6.1 The Administration Officer must be informed of the desire to change the team compositions by the home Club.
- 9.6.2 The Administration Officer will ensure that the change is acceptable to the away Club.
- 9.6.3 Having been satisfied by the above and that the change is legal, the Administration Officer will inform both Teams and the Umpires that the change has been made effective, and no reversal will be allowed unless it follows the same official procedure above or unofficial procedure below.
- 9.7 Unofficial Optional Changes to a match can be made in accordance to the following guidelines.
- 9.7.1 Prior to the start of the match the coaches of the opposing Teams must agree to changes and inform the umpires.
- 9.7.2 With the Umpires acceptance, the match will go ahead according to the agreed changes, and any breaking of these rules will be considered as if the offending team had broken the normal rules of football.

- 9.8 All matches will allow a bench size of six players.
- 9.9 Where there is a maximum number of AUS players allowed on the field, the maximum number of AUS players on the bench is equal to six multiplied by the proportion allowed on the field.
- 9.9.1 This might not be a whole number, in which case the maximum still applies, and is the same as if the maximum were the whole number lower than this result of the calculation. As an example only, if the maximum allowed were calculated to be 4.8, then it is the same as saying the maximum is 4.
- 9.9.2 However there can always be at least one AUS allowed on the bench if there are any allowed on the field.
- 9.9.3 There is a table outlining these calculations in Schedule C.
- 9.10 Where a bench size is increased using optional changes, there will be no change to the Category requirement of the first six places, and no restriction on the Category of the players in the extra places.

10 **MATCHDAY REGULATIONS**

- 10.1 Matches shall be carried out in accordance with the fixtures and the Teams will take the field in accordance with the numbers for the division as set out in Schedule A.
- 10.2 Teams will fill out an official team sheet prior to the start of each match. All players must have signed all copies of the team sheet prior to taking the field.
- 10.3 Teams will have the right to take their copy of the opposition's team sheet at any time from the start of the match. Umpires have the right to take a copy of both teams' team sheets at any time from the start of the match. Any alterations which need to be made after this must still be made to all copies, though this must not be unreasonably hindered and can be allowed to wait until the next interval in play by the umpires.
- 10.4 Teams must have the minimum number of players required before they may start the match. Until this time they will be considered unready, exactly as if they were simply late.
- 10.5 Players must all be attired in the usual uniform of the Team. Players in incorrect attire may only take the field with the agreement of both the opposing coach and the umpires. ROW-category players shall wear distinctive armbands.
- 10.6 Players must wear a unique number on their back. Players without a valid number may only take the field with the agreement of both the opposing coach and the umpires. Numbers must be clearly legible from a distance of 100 metres.
- 10.7 Both teams shall be required to provide a goal umpire for the match unless the umpires specifically remove this responsibility from them. Each team will be required to provide official scorecards, which they will be able to obtain from the Administration Officer.
- 10.8 In the event that a club is unable to provide a goal umpire, a player must be designated to do the job. The player will be deemed to be playing for purposes of team composition rules, though must not wear the attire of the team. The player may be changed at any time, though the player taking the goal umpire position must be changed and ready before the player taking the field leaves the goal or changes into team attire.
- 10.9 Both teams shall be required to provide a boundary umpire for the match unless the umpires specifically remove this responsibility from them.
- 10.10 In the event that a club is unable to provide a boundary umpire, the team shall be required at boundary throw-ins on their boundary to nominate a player to throw the ball in.
- 10.11 Teams shall be allowed one Runner on the field and up to three water-carriers. These should be distinguishable as such in an agreed manner between the Teams and with the umpires.
- 10.12 Water-carriers shall not remain on the field when not delivering water and shall not offer advice to players when on the field. If an umpire believes that they broken either of these stipulations, he will send the water-carrier from the field and the team will be allowed one fewer water-carrier for the rest of the match. The umpire may also award a free kick against the club.
- 10.13 The umpires shall have authority to start the game at any time after the designated start time. As a guideline this should be with 10 minutes of the designated start time.
- 10.14 Umpire abuse shall be dealt with on a three-strike system per individual:

- 10.14.1 There is to be no answering back, questioning or demonstratively disagreeing with the umpire's decision, which is final. Only the Captain of a team may ask for clarity on a decision, at an appropriate break in play
- 10.14.2 Umpires, if it is appropriate and there is time, should explain a decision if it is clear that the player who infringed is of BRIT or ROW category. If not they should ideally do so at the next break in play if still relevant.
- 10.14.3 The first incident of umpire abuse by an individual shall result in a 50m penalty. The second infringement will result in a Yellow Card and the final incident by that individual shall receive a Red Card.
- 10.15 Any incident of swearing, audible to any part of the crowd and at the umpire's discretion shall be penalised by a 50m penalty.
- 10.16 The commencement of the game should be as follows:
- 10.16.1 The umpires shall call for the Team captains for the coin toss. If either Team is not ready then a maximum of 20 minutes will be allowed or a forfeit may be applied at the umpires' discretion.
- 10.16.2 After the coin toss the umpires will allow two minutes for the teams to take the field and shall then call for the timekeeper to sound the siren to commence the match.
- 10.17 A player who is sent off by an umpire is deemed to still be taking part in the match for team composition, and any other purposes. Umpires shall use yellow and red cards for this purpose. A yellow card shall mean a player is sent from the playing field for one quarter of elapsed playing time. A red card shall mean a player is sent from the playing field for the remainder of the match. Any player sent from the playing field for either a yellow or red card may not be replaced for its duration.
- 10.18 The ladder will be determined as follows.
- 10.18.1 A winning team will be awarded 4 points.
- 10.18.2 A drawn match will result in both team receiving 2 points.
- 10.18.3 A percentage will be obtained by dividing the total score for (in points) by the total score against by a team.
- 10.18.4 If a match is won by a margin of more than 150 points, the winning teams score will be reduced, though only for purposes of calculating the percentages of both teams, by an amount to bring their winning margin down to 150 points.
- 10.18.5 If a match is deemed forfeited by one team, the match will be deemed to have been won by a margin of 150 points to zero (Premiership & Conference Divisions only). In the Social Division a forfeit will be worth 5 points to zero.
- 10.18.6 If a match is deemed forfeited by both teams, the match will be deemed to have been drawn 0-0, for percentage purposes, but neither team will receive points.
- 10.18.7 A match ratio shall be calculated being the result of dividing the number of points attained by the maximum number of points possibly attained, which is the number of games played multiplied by 4.
- 10.18.8 In all cases where the table is published, the teams shall be ordered by match ratio, points, and then percentage, though the match ratio need only be shown where teams have not all played equal numbers of matches.
- 10.19 Should any Finals match be drawn the following shall be repeated until a winner is decided.
- 10.19.1 A break equal to the quarter time break shall be given.
- 10.19.2 The teams shall swap direction from the fourth quarter and play a further five minutes.
- 10.19.3 The teams shall then immediately swap direction and play a further five minutes.
- 10.20 The venues for finals shall be decided by the League Committee during the season.
- 10.21 At the conclusion of a match, the umpires shall return to the AO:
- 10.21.1 The team sheets for the match and any registration forms for players playing under a temporary registration.

- 10.21.2 The results of the match, including goalkickers and up to five best players, as awarded by the respective coaches.
- 10.21.3 The best and fairest votes for the match, as voted by the umpires, in 3-2-1 format, and preferably sealed in an envelope and labelled.
- 10.22 At the conclusion of the regular season the best and fairest votes will be counted and read. The following conditions will apply:
 - 10.22.1 The player receiving the most votes in each division will be awarded the Division's Best & Fairest award.
 - 10.22.2 In the event of a tie, a player receiving the most best on ground awards shall win the award.
 - 10.22.3 In the event of a further tie, the tied players will share the award.
 - 10.22.4 A player who is suspended during the season will be ineligible for the award.
 - 10.22.5 The votes shall be counted at a place to be nominated by the League Committee.
 - 10.22.6 Further awards may be given by the League Committee.
- 10.23 Schedule A will set out any ancillary football rules which will be applied to the Division, such as timings of quarters and the breaks between them, and any other peculiarities.

11 **FORFEITS**

- 11.1 A club which is deemed to forfeit a match will be subject to the following penalties unless the League Committee decides, on application by the forfeiting team, that the forfeit was fully beyond their control. In such cases a forfeiting team will:
 - 11.1.1 Be fined in accordance with the Schedule of fines.
 - 11.1.2 Be liable for umpiring costs if the umpires attended the match venue, or were not given sufficient notice.
 - 11.1.3 Give up the right, if they were the away team, to host their next meeting between the two Teams, and shall be forced to play away, whether or not in the current season. This does not affect in any way their next away match against the opposing Team. This does not apply if both teams forfeit the match.
 - 11.1.4 Also forfeit any games for that Round for lower ranking Teams.
 - 11.1.5 Not be able to submit a teamsheet and no players for the forfeiting team shall be considered to have played for the forfeiting team for that Round. This shall be the case regardless of whether the forfeit was within their control.
- 11.2 A Team receiving a forfeit against them has the following options:
 - 11.2.1 If the forfeit is announced prior to the match, in that the umpires and opposition Team are informed and do not attend, the Club can fill out a team sheet for the match and the players will be deemed to have played. The team still must meet all Rules pertaining to the Division, eligibility and player movement. This form must be received by the Administration Officer by the Friday following the forfeit, though need not be signed by the players. It is the Club's responsibility to ensure that the Administration Officer receives the teamsheet.
 - 11.2.2 If the forfeit occurs at the match venue in that the umpires do attend, the Club can fill out a team sheet for the match and the players will be deemed to have played. The team still must meet all Rules pertaining to the Division, eligibility and player movement. This form must be received by the umpires at the venue, and must be signed by the players, who must be in attendance. Any player not in attendance will not be deemed to have played.
 - 11.2.3 In either of these cases, the Club can choose not to fill out a team sheet for the match and the Team's previous match for all purposes of these Rules will be considered to be the previous played match prior to the forfeit, if any.

12 **HOME CLUB MATCHDAY DUTIES**

- 12.1 The League Committee will require each Club playing home matches to provide a ground to the standard of the following set of conditions.
- 12.1.1 A playing area in good condition, marked plainly for Australian Rules Football, with the boundary, goal squares, centre square, and centre circle as a minimum.
 - 12.1.2 Playing area free of litter and dangerous objects.
 - 12.1.3 Padding on the eight goal-posts.
 - 12.1.4 Goal flags for both goal umpires, being predominantly white, at least 30cm x 30cm in size, and on sticks of at least 60cm.
 - 12.1.5 Dressing rooms with sufficient accommodation for each of the teams and showers available.
 - 12.1.6 A separate dressing room for umpires.
 - 12.1.7 Provision of a score-board of a satisfactory size and the use of clearly visible numbering so that at all times progressive scores are clearly visible to all spectators.

13 **UMPIRES REGULATIONS**

- 13.1 An Umpiring Coordinator will be appointed by the League Committee prior to each season.
- 13.2 The Umpiring Coordinator will be responsible for organising the recruiting and appointment of umpires for the season, and for ensuring that the umpires are aware of their off-field duties as well as the rules of the sport.
- 13.3 The Umpiring Coordinator will be responsible for allocating each match two central umpires to each match. In the event of enough umpires not being available, the Umpiring Coordinator will be able to call on clubs to provide umpires.
- 13.4 Provision of a timekeeper for the match, unless this duty is specifically taken by the home club, which they may do at their discretion.
- 13.5 In the event of umpires failing to attend a match the Teams shall agree on appropriate field umpires.
- 13.6 Complaints against any of the umpires must be lodged with the Umpiring Coordinator within seven days of the match in question.
- 13.7 At the conclusion of each quarter the goal umpires must compare scores. If there is a discrepancy then the field umpires will be required to rule on the correct score, and both Team coaches will be informed.
- 13.8 After the match, both goal umpires will sign their card and hand them to the field umpires to be passed on to the Administration Officer or Umpiring Coordinator.
- 13.9** At the conclusion of each match the umpires shall meet with both Team coaches to collate scores, goalkickers, best players, and announce any fines. These fines should be acknowledged by the coaches at this time.

14 **FINES AND COMPLAINTS**

- 14.1 All infringements of the rules shall be liable for fines. Standard fines will be administered directly by the Administration Officer and are set out in Schedule B.
- 14.2 All fines will be payable to the League unless overturned by the League Committee.
- 14.3 The League shall notify each Club of all fines incurred within a calendar month and such fines shall be payable by the end of the following calendar month. Non-payment of fines within the payment period will result in forfeiture of all matches while the fines remain outstanding.

- 14.4 Fines will be payable on infringements even if the rules allow for consideration by opposition or umpires. For example, even if the opposition and umpires allow a player to play without a unique number, the fine will still apply.
- 14.5 All complaints not directly dealt with by the rules will come under the scrutiny of the League Committee. The League committee will have the power to:
 - 14.5.1 Fine Clubs.
 - 14.5.2 Remove match points from Teams.
 - 14.5.3 Disqualify a Team from a match.
 - 14.5.4 Suspend players from matches.
 - 14.5.5 Suspend Teams from matches.
- 14.6 A team disqualified from a match will be deemed to have forfeited the match. As a guideline this should only be applied when a Team has broken a rule which has given them an on-field advantage which they would not otherwise have had.
- 14.7 The League Committee will endeavour to consider each case and if necessary hand out a punishment in line with previous cases where available.

15

SPONSORS

- 15.1 The League and Clubs shall be allowed to represent any sponsors they see fit, in accordance with Schedule C.

- By a side in its first three years of participation in the Premiership by giving advance warning to the League and opposition of the change, in line with the timing in the paragraph above, or as an Optional Change after that. The increase can be of up to three players in the first year of participation, two players in the second year, and one player in the third year.
- With the agreement of both participating teams as an Optional Change. Such an increase may not further increase the limitation by more than two players.

SCHEDULE C: DISCIPLINARY GUIDELINES

A player will be deemed as reported if a field umpire witnesses an action deemed to be more serious than one which would warrant the punishment able to be given out during the match. Such on-field punishment should still be applied.

A player can also be reported by the league committee following a complaint from a club or a league official. If such a complaint has less than suitable substantiation, the player will not be reported.

Once a player has been reported, a suitable and neutral person, ideally from the league committee or umpires panel, will be appointed to oversee the matter. (Referred to as the MO for Matter Overseer.)

It will be announced to the league by the MO, no sooner than the Monday following the incident but ideally on that day, that the player has been reported and that a standard two match penalty has been applied, and it should be stressed that the matter is still open. This figure is intended as a time-saving device only. It would apply appropriately to a general striking incident with no serious damage.

If any party, being a club, the league committee, or an umpire, feel that the standard penalty is too lenient or too harsh, they should inform the MO, or the league committee prior even to the initial announcement being made where possible.

Such a request to look further into the matter must be made with 24 hours of the initial announcement.

Once such a request, or multiple requests, has been made, the MO will again inform the league that a further decision is pending, and request statements from all possible persons. Otherwise the MO will announce that the standard suspension applies and that the matter is closed.

A deadline for statements from persons should also be set out when they are requested.

If a request to reduce or overturn the penalty has been made, the matter must be settled before the next round of matches. Where a club has organised to play a match before the Saturday however, the player will not be able to play if the matter has not been dealt with by the time of the match, and no pressure should be applied to make a decision before the Friday.

If no request has been made to reduce the standard penalty, then the two match penalty will stand as a minimum and the matter can be dealt with slightly less urgently.

In general though, the Friday following the incident is the desired latest time to make such a decision. In the more serious of circumstances though, the League Committee can direct the MO to use whatever time is deemed necessary. If this takes the investigation into the following round, the player will be given or will be refused permission to play by the League Committee dependant on the circumstances.

In investigating a matter, the MO will gather all information and collate it, and present it to the League Committee. Any member of the League Committee with a club bias should excuse themselves from such discussion.

The MO and the remaining League Committee members will then make the final decision, and report it to the league. If the MO is not a League Committee member, they will still get a vote in deciding the matter.

The matter is then considered closed, and can only be reopened by the League Committee.

Any extraordinary circumstances can be considered by the League Committee to reopen a matter, but only with a strong reason why the information was not brought forward in the allotted timeframe, and it might be necessary for the League Committee to uphold the original decision over a round of matches before reopening the matter.

A suspended player will not be able to play until the player's club has competed in matches over the required number of rounds, regardless of the division of matches.

A player missing matches means being unable to play in any AFL London division or any associated AFL Britain league.
